PREFACE

This volume continues the printing of the Early Records of the Town of Providence, it being the seventeenth volume issued pursuant to authority granted by the joint resolution of the City Council of the City of Providence, approved March 6, 1891, which is as follows:

1136700

"Resolved, That Horatio Rogers, George M. Carpenter and Edward Field, are hereby appointed record commissioners, who shall serve without compensation, for the purpose of collecting and printing the early records of the Town of Providence. And said commissioners are hereby authorized to expend the sum of one thousand dollars for collecting and printing said records, said sum to be charged to the appropriation for printing."

Additional appropriations have been made from time to time to continue the work.

This volume produces in type the contents of Vol. II. of the second series of the "Providence Town Papers," a full explanation of which was given in the preface to the fifteenth volume of this series of printed records and which is further referred to in the Fourth and Fifth Reports of this commis-

sion. It contains the papers covering the dates from April, 1682, to March, 1722, and numbered 0368 to 0717, with the exception of papers numbered 0380, 0387, 0388, 0397, 0399, 0502, 0504, 0517, 0543, 0605, which are the clerk's memoranda of the proceedings of town meetings, all of which have heretofore been printed in full in these records, as the references to the numbers of these papers will show. The Town papers numbered 0400, 0402 and 0559, on account of their character, have been reproduced in facsimile in this volume, while Town Paper number 0524 has been reproduced both in type and in facsimile.

Like those printed in Vol. XV. of the Early Records of the Town of Providence, these papers are of a miscellaneous character and include nearly every variety of documents of a public nature.

The system in general, used by the Commissioners in printing has been the same as that heretofore followed in other volumes, the only additional point to be observed being the heavy faced type used at the beginning of each document to designate such document. These refer to the number of each paper as now arranged in the volume of Providence Town Papers.

The figures at the top of the pages, and enclosed in brackets, indicate the paging of this present volume.

This mark | shows the beginning and end of interlineations in the original.

Words or letters printed in parentheses are so found in the original.

Brackets enclosing blank space, thus, [ ] signify that something is missing, or illegible, in the original.

The sign ℘ is sometimes used to represent a contraction, or double letter, which, in the original, stands for pr, and is used as the representative of syllables containing those letters with a vowel.

Four indexes accompany the volume — an index to subjects, an index to names, a separate index to Indian names, and a miscellaneous index.

HORATIO ROGERS,
EDWARD FIELD,

Record Commissioners.

The Declaration and Complaint of Bridgett Price Single woman, and now Resident at the Towne of East Greenwich in the Kings Province plantiff against Samuell Bennitt Sen^r Chosen Ensigne of the said Towne of East Greenwich defendant, in an action of Sclaunder and defamation damage fifty pounds Sterll. ℔ writt bearing date the 19^th day of June 1684 Sheweth that the said defenda^t Samuel Bennitt on the 27^th day of the month of May last past, and afore that time did in most abusive Mallicious and Reproachfull manner in the Said East Greenwich and in the Said defendants house; there charge the Said Plantiff Bridgett Price: affirminge her to be a whore, a theife, and a Vagabond, and that he was able and would prove it, which most Notorious Reproachfull Charges and falce accussations of the defendant, doe greatly tend to the discreditt Selaunder defamation and disquiett of the Plantiff, and are greatly to the dishonnor and disparragement of the Plantiff,

for the wise man hath Said a good Name is as Precious Oyntment, and the Civill Law doth forbid such falce and Mallitious accussations as have been mannifested and declared by the defendant against the Said Plantiff Bridgett Price, whoe hopes for and desires Reliefe from this Hono^rd Court, And therefore hath brought this her action aforesaid of fifty pounds Sterll. damage not doubting justice therein

[**0439**] To the Towne of Providence met at A quarter meeting October the 27^th^: 1684

Neighbours whereas I doe understand that there is in our Towne booke a Record made of a returne of land layd out unto Sam^ll^ Winsor, according unto which Record, my land is intrenched upon, The said Record giveing advantage unto y^e^ said Samuell Winsor (if in Case at any time he should incline to Cavell, or proove a dishonest man) thereby to make claime unto a part of my land which I now make use of & is inclosed, for if he runn from Cornner to Corner of what was laid out unto him, (which is the Comon way of our Towne) then it so will doe as I have said, & the Record makes not any provision to the Contrarey, but to runn from cornner to Corner, Therefore before further Contention arise, my Request to y^e^ Towne is that y^e^ said Record may be Rectified; & in the Rectefieing that such order may be taken that I may quietly possesse my owne without being intrenched upon. /

[**0489**] These for ye moderator of ye Quarter meeting of ye Towne of prouidenc|e| held by aJurenment the 7th day of Febuarey 1686. or 7.

Where as I vnderstand: that at This Towne meeting there is an intent of an agreement of ye Towne to laye out ye lands to ye westward of the Seauen mile line: now I would aduise you not to laye out any lands | belonging to pautuxet men that are not Consenting there to | for the present beyond ye seuen mile line: for I fear yt ye Towne which haue gon about to Rong. & confine pautuxet men: where in ye Towne haue allso confined and bounded them selues for thay can goe no further westward then pautuxet men doe goe: the comisiton court did order in deed that a thowart line Should be Runn to pautuxet Riuer: where that prouidence men haue limeted pautuxett men: Euen So prouidence will be limeted from ye Same place to pautuckett Riuer which will bee as great a lost to mee as it will to most men in prouidence: I perseiue that ye lands of pautuxet are to goe as farr westward as prouidence doe for all deeds & Confirmations & Towne Records that I doe knowe or

haue Seene doe Specefie to y^e^ Same: as first y^e^ Combenation made in y^e^ year 1640 Specefieth that y^e^ line betwene y^e^ perticulor propriaters of y^e^ men of pautuxet & y^e^ Ginorall Comon of y^e^ Towne of prouidence shall Runn of an euen distance betweene pautuxet Riuer & wanasQuatucket Riuer Secondely CaussuckQuansh & Nenekelah haue Confirmed to the men of prouidenc & y^e^ men of pautuxet there lands according to their Joynt agreements all y^e^ lands betweene pautucket & pautuxet Riuers up the | Streams | with out limets: or as farr | as | thay shall thinke fitt

Thirdely CauianiQuanett haue Confirmed all y^e^ lands betweene patuckett Riuer & pautuxet Riuer to y^e^ men of prouidenc & y^e^ men of pautuxet Twentey | miles | from fox hill in to y^e^ Countrey: fourthely. Scattappe & QueQuaQunnuett haue Estableshed all. y^e^ land that was Granted to M^r^ Roger Williams agent for the men of prouidence & y^e^ men of patuxet all y^e^ land reaching from pautucket Riuer to pautuxet Riuer: & up those Streames with out limets: y^t^ their Grandfather. & Cousin had granted to y^e^ men of prouidence. & y^e^ men of pautuxet: to whome thay againe Confirmed y^e^ foresaid lands up y^e^ Streemes with out limets or as farr as y^e^ men of prouidence and y^e^ men of pautuxet Shall Judge Conueanient according to their Joynt agreements

fiftely a vo|a|tt of y^e^ Towne in y^e^ yeare 1660 upon a bill that William harris put in to y^e^ Towne whether y^e^ Towne would owne y^e^ line betweene | wanasQuatucket | & patuxett of an EQuall distance Twentey miels according to CauianaQanets grant or as farr as y^e^ men of prouidence: & y^e^ men of pautuxet See fitt according to y^e^ Rest of y^e^ other Sachims: the voat Carried it that thay would so owne it Twentey miles:: Sixly by

an order of y^e^ Towne and pautuxet mens Consent in | y^e^ | year. 1663. pautuxet men paid to y^e^ Confirmations a Quarter part of y^e^ whoal Sume: & so were to haue a Querter part of all y^e^ lands betweene pautucket Riuer and pautuxet Riuer: Seuenthly that in y^e^ year 1638 M^r^ Williams Reseuid. 30: pound of y^e^ inhabitants of prouidenc for y^e^ land belonging to y^e^ Towne: and 20 pound he had at y^e^ Same time of y^e^ 13 purchesors in perticulor for pautuxet lands which is a great deall moar than a Quarter part:: and other writings and Recordes are to be seene that proues pautuxet lands to Reach as farr westward as prouidence doe or Cane doe

Now to Conclud me think y^e^ Towne of prouidence is that thay did but see or hear all y^e^ writings: and Records of the Towne that Spekes of these things: Shourely all that were Wisse or Rashonall would not make Such a Controuersey with out any Ground or Reason: to put out their owne eyes to doe other men Rong: So now it would bee better for prourdence men. & pautuxet men to agree to maintain their first and ancent Counants Confirmations and Joynt agreements which may possabely preuent futtuer damedges to our Selues: So now I would desiar y^e^ Towne Seriously to Consider of those things that it may preuent that which is lickely Enofe to Com | up | on vs:: I Rest

[**0495**] His Majesties gratious declaracon to all his Lov: subjects for liberty of Conscience

It haveing pleas'd almighty god not only to bringe us to y^e^ Imperial crown of these kingdoms through y^e^ greatest difficulties but to preserue us by amore then ordinary providence

upon y^e^ throne of o^r^ Ancestors, there is nothing now that wee so earnestly desire as to establish o^r^ Goverm^t^: on such a foundation as may make o^r^ Subjects happy, & unite them to us by inclination as well as duty, w^ch^ wee thinke can be done by no meanes so effectually as by granting to them y^e^ free exercise of their religion for y^e^ time to come, & add that to y^e^ perfect enjoyment of y^e^ property w^ch^ has never been in any case invaded by us since o^r^ comeing to y^e^ Crown w^ch^ being y^e^ two things men value most shall ever be p^r^served in these kingdom[ ] dureing o^r^ reighn over them as y^e^ truest method of y^r^ peace & our glory: wee can't but heartily wish as it will [ ]sily be believed y^t^ all y^e^ people of o^r^ d[ ]minions were members of y^e^ Catholick Church, yett wee humbly thanke almighty god it is & hath of long time been our constant sence & opinion w^ch^ upon diuers occasions wee haue declared y^t^ conscience ought not to be constrain'd nor people forc't in matters of meere religion: it has ever been directly contrary to our inclination as wee thinke it is to y^e^ Interest of Goverment which it destroys by spoyling trade depopulating Countries & discourageing strang^r^s & finally y^t^ it never obtaind y^e^ end for w^ch^ it was imploy'd & in this wee are y^e^ more confirm'd by y^e^ reflections wee haue made upon y^e^ conduct of y^e^ four last reigns for after all y^e^ frequent & pressing endeavo^r^s that were used in each of them to reduce this kingdom to an exact conformity in religion, its visible y^e^ success has not answer'd y^e^ designe, & y^e^ difficulty is invincible, wee therefore out of o^r^ princely care & affec[ ]on unto all o^r^ loveing subjects y^t^ they may liue at ease & quiett, & for y^e^ increase of trade, & incouragem^t^: of strang^r^s haue thought fitt by virtue of o^r^ Royall prerogatiue to issue forth this o^r^ declaration of Indulgence makeing no doubt of y^e^ concurrence

of o^{r} two houses of parliament when wee shall thinke it convenient for them to meet

In y^{e} first place wee doe declare that wee will protect & maintaine our Arch Bishops Bishops & Clergy & all other subjects of y^{e} Church of England in y^{e} free exercise of y^{r} religion as by law establish't & in y^{e} quiet & full enjoym^{t} of all y^{r} possessions without any molestation or disturbance w^{t}soever

Wee doe likewise declare y^{t} it is o^{r} royall will & pleasure y^{t} from henceforth the execution of all & all manner of penall laws in matters Ecclesiasticall, for not comeing to church or not receiveing y^{e} Sacram^{t}: or for any other Nonconformity to y^{e} religion established or for or by reason of y^{e} exercise of religion in any manner w^{t}: soever be immediately suspended & y^{e} further execution of y^{e} said penall laws & every of them is hereby suspended. And to y^{e} end y^{t} by y^{e} liberty hereby granted y^{e} peace & security of o^{r} Goverm^{t}: in y^{e} practice thereof may not be indangered, wee have thought fitt & doe hereby straitly charge & command all o^{r} loveing subjects that as wee doe freely give them leave to meete & serve god after their own way & manner be it in private houses or places purposely hired or built for y^{t} use so that they take speciall care y^{t} nothing be preached or taught amonge them w^{ch} may any wayes tend to alienate y^{e} hearts of o^{r} people from us or o^{r} Govermm^{t}: & y^{t} their meeteings & assemblies be peaceably, openly & publickly held & all persons freely admitted to them & that they doe signifie & make known to some one or more of y^{e} next Justices of y^{e} peace what place or places the[ ] sett apart for these uses. by any person or persons w^{t}soever who is or shall be imploy'd in any office or place of trust either Civill or Military under us in o^{r} Goverm^{t}: & wee doe further declare it to be our pleasure & intention from time to time hereafter to grant o^{r} Royal dispensacons under our great Seale to all o^{r} Lov: subjects so to be imploy'd, who shall not take the said Oathes or subscribe & declare y^{e} said Tests or declarations in the above mentioned acts & every of them. And to y^{e} end y^{t} all our Lov: Subjects may receive & injoy the full benefitt & advantage of o^{r} Gratious indulgence hereby intended & may be acquitted & discharged from all paines penalties forfeitures & disabilities by them or any of them incurr'd or forfeited, or w^{ch} they shall or may at any time hereafter be lyable to for or by reason of y^{r} Nonconformity or y^{e} exercise of their religion & from all suits, troubles

[**0570**] To the Right Honorable the Lords of the Comitte of Trade & Plantations

May it please your Lordshipe Jn obedience to your Lordships comaundes signified to vs by M^r^ Blathwayt the 2^d^ of January & third of ffebruary last by which wee were to consider the severall Charters of Caniticut & Rhode Jsland & the Graunts of East & west new Jersey & to report o^r^ opinion vpon the whole mater, what may bee done for the vnitinge the strength of those Collonies & New Yorke vnder a chiefe Comaunder to bee Comissionated by their Majesties for the defence of their Majesties Subjects in those partes against the ffrench & also to consider the anexed Copie of the Petition of the Governor & Company of Caniticut, and to report o^r^ opinion therupon, Wee have considered the mater to vs refered & doe find that Kinge Charles the 2^d^ by his Charter dated the 23^d^ of Aprill in the 14^th^ yeare of his Reighn did jncorporate John Winthrop & severall other persons therein Named and all others who then were or after should bee admited & made free of the Company to bee a Corporation by the Name of y^e^ Governor & Company of the English Colloney of Caniticut in New England in America with such powers | priveledges | & capacities as are vsualy graunted to Corporations of like nature and to have continuance & sukcession forever, and therin the bounds of the Colloney are described & a Graunt therby made to the Corporation of all Landes soyle ground Havens Ports Jurisdictions Royalties Priveledges ffranchises and Heriditaments within the same or therto belonginge: To bee holden to the Corporation & their sukcessors in trust for the benefit of themselves & their Asociated ffreemen of that Colloney their heires & Asighnes of the Kinges of England as of their Maner of

East Greenwich by the 5th part of the Oar of Gold & silver there found with power to the Corporation to make lawes Elect Governor deputy Governor & Asistantes erect Judicatures & Courts And choose officers for the Civill Goverment and therby also power is graunted to the chiefe Comaunders Governors & officers of the Company & others jnhabitinge there by their leave or direction for their Espetiall defence & safety to Asemble Martiall Aray & put in Warlike posture the Jnhabitantes of the Colloney and to Comission such persons as they should thinke fit to lead & conduct the jnhabitantes & to encounter resist Kill & slay all that should atempt or enterprize the jnvasion or anoyance of the Jnhabitantes or Plantations & to exercise Martiall lawe & take & surprize the Jnvaders or Atemptors of the Plantations or hurt of the Company | And |

(*Verso*)

Jnhabitantes & on just ocasion to jnvade & destroy the Natives or other enemies of the Colloney:

Wee also find that Kinge Charles the 2d in the 15th yeare | of | his Reighn did jncorporate divers persons by Name & such others as then were or after should bee admited & free of the Company by the Name of the Governor & company of the English Colloney of Rhode Jsland and Providence Plantations in New England in America & graunted them in Efect the like powers & Authorities both Civill & Millitary as are before mentioned to bee Graunted to Caniticut:

Wee find that the Civill Goverment in those Plantationes or Collonies Executed the Millitary Powers conferd by the Charters But that their Majesties in the third yeare of their Reighn by their | comission | Constituted Sir William Phips Lieftenant & Comaunder in Chiefe of the Millitia & of the

forces by sea & land within the Collonies of Caniticut Rhode Jsland Providence Plantation Kings Province, & Province of New Hampshire and all fforts & places of strength in the same with severall powers & Authorities, And that their Majesties by their Comission vnder the great seale dated the ioth of June i693 revoaked so much of Sir William Phips his Comission & the powers as related to the Colloney of Caniticut & by the same Comission constituted Benjamin ffletcher Esq^{r} their Majesties Captaine Generall & Comaunder in chiefe of New Yorke Pensilvanea New Castell & the Territories & Tracts of land depending therupon to bee the Comaunder in Chiefe of the Millitia and of all the forces by sea & Land within the Collony of Caniticut and of all the forts & places of strength within the same with power to Levy arme muster Comaund or jmploy the Millitia of the sayd Colloney and vpon any necessary & vrgent ocasion duringe this war to transfer to the Province of New Yorke & frontiers of the same for resistinge & withstandinge Enemies Pirates & Rebells both at land & sea & defence of that Province & Collony of which Comission and the large powers therin conteined as to Caniticut the Colloney of Caniticut by their annexed Petition doe complaine & pray redresse against the exercise of it in such maner over the whole Millitia & therin shew their reasons against it:

Wee have heard Collonell Winthrop & his Councell on the behalfe of the Collony of Caniticut: And M^{r} Almy and his Councell on the behalfe of Rhode Jsland & Providence Plantacon And doctor | Cockes |

(*Recto*)

apeared on the behalfe of East and West New jersey & produced some writinges shewinge how the same were graunted

out from the Crowne to the Duke of Yorke & by the Duke of Yorke to others but the Doctor not claiminge Title to himselfe, it doth not apeare to vs in whom the estate in lawe of those places or of the Goverment therofe Civill or Millitary doth now reside nor how y^e^ same is exercised: But havinge receaved the annexed estimate from M^r^ Blathwayt wee comunicated the same to the Agents for Caniticut Rhode Jsland & Providence Plantations, who declared their readinessé duringe times of danger to provide their respective Quotas therin conteined & | in | case of jncrease of danger or other necessary ocasion duringe the continuance therofe their respective Quotas to bee proportionably encreased with other Collonies but as to the remaininge Millitia beyond the Quotas which it seemes in those Countries consists of all Males between 16 & 60 yeares of age they humbly desire that it may remayn vnder the ordinary & vsuall Goverment & comaund of the Collonyes acordinge to their Charters and not to bee comaunded out vnlesse in times of actuall jnvasion or jminent danger for the necessary preservation of some of the Collonies at such time onely when such of the Collonies wherout the fforces shalbee drawen are not in danger and that at all times a sufficient power of the Millitia may bee alwayes kept in each Collony vnder the power of the Goverment of it for the safety & necessary preservation therofe;

Wee are humbly of opinion that the Charters & Graunts of those Collonies doe give the ordinary power of the Millitia to the respective Goverments therofe, But doe also conceive that their Majesties may constitute a chiefe comaunder who may have Authority at all times to comaund or order such proportion of the forces of each Collony or Plantation as their Majes-

ties shall thinke fit and farther in time of danger & aproach of the Enemie with the advice & Asistance of the Governors of the Collonies to conduct & comaund the rest of the forces for the preservation & defence of such of those Collonies as shall most stand in need therofe not leavinge the rest vnprovided of a competent force for their defence & safety But in time of peace when the danger is over the Millitia within each of the sayd Provinces ought as wee humbly conceave to bee vnder the Goverment & disposistion of the Respective Governors of the sayd Collonies acordinge to their Charters

All which Neverthelesse is most humbly submited to your Lordships great wisdome: 2d Aprill 1694 Edward Ward

[**0628**] To the worshipfull Moderator Asistants and Gentlemen the freemen of the Town of Prouidence Convenied togethe at a Town meetting at the House of John Whipple in sd: Prouidence ye: 27th: day of Aprill 1705 The Exibition & humble Petetion of Richard Phillips of sd: Town Exhibiteth and sheweth

That he the sd Petetioner hauing Purchased a Messuage and Certain Tract of Land at Moshopogue in the Townshiip aforesd: of John sailes of sd Town as Referance being had to the Deede upon Record bearing Date the 23d: of Jany: 170⅔ will more Plaine appeare in wch: said Deede amongst other the Jmmunitys the said sailes did Jncert under his hand and seale that before the sale thereof he was the True Owner thereof and of Euery of the Bargained Premises which Caused your Petetioner to think it was Clear and free from all Jncumbrances whatso Euer, But since that Mr: Joseph williams Asists and Mr: Nathanael Waterman did Preferr a Bill to the Town in Order for Propegating a Highway Cross the Land Lying on the East side Moshopogue Pond which John sailes sold to your Petetioner wherupon the Town did order that a Highway should be Laid out Cleare Cross the Land of your Petetioner which is Like to be a Very Greate Charge and also Loss to your Petetioner: for the Town hath Ordered | it | by Vertue of their Own Power Jmmediate and not from any for-

mer act or Provision that there was made; that ther should be a High way Layd out through that Land whilst it was John sailes his land; but Only Ordereth it now; had the Order bin foanded upon a former Act or Provision your Petetioner might haue had Remidy otherwhere; But now the Town hath Done it Exathoritate so that your Petitioner hath no other Redress but from the Town: The Town hauing Ordered said way hath Confirmed the Rest of the land in sd: Deede unto your Petetioner his heirs and Asigns for Euer, now your Petetioner humbly Concieues that if the Town hath Power to Lay out a high|way| through a mans land without any former Provision then they haue Power to Confirme the Rest of the Land, and if Power to Confirm; then they haue Power to Destroy or make Voide any mans Properiaty. But this by the way — Your Petetioner thinks it but Reason and Just that M^{r}: Williams and M^{r}: Waterman should haue all their Right Priuiledges and Imunitys and that it would be wronge to Barr them of any Perticular of the same — But at the same | time | he is of the Opinion, and is Very sensible that it falls Very hard upon himself to haue a High way by open through his Land four Rods wide and half a mile Longe — Espec|i|ally when he knew nothing of it when he Bought it; w^{ch} High way must of Necessity be fenced on Both sids w^{ch} you are sensible is a Very greate Charge and Incumbrance as well as Loss of Land

Wherfore it is the Hu|m|ble Petetion of your supplicant that you would be Pleased to take the same into your Candid Considerations and would be Graciously Pleased to Allow unto your supplicant so much Lands out of the Towns Commons as you in your wisdoms shall think will be sufficiant to Answer

Answer your Petitioners Loss of Land and Charge of maintaining so much fence all w^ch^ is humbly Prayed the Rather for that your suplicant hath heard that you haue Allowed some Persons (who haue had Highways Lay out by the Town through their Lands.) [**0634**] To the Towne meet

Gen^tt^: I supose you may Remember that on our Quarter Day in January Last I presented a bill to the Towne wherein

I requested a liberty to Exchange a piece of Land, the which I Judged would (be (if obtained) greatly benifiscial to me, in Regard it would saue me the makeing of a great deale of fence. the Towne Redily granted my bill, the which I took very kindly. But I am informed that vpon the next Towne meeting day there was an other bill put in for the same Piece of Land to Remaine as stated Common, or as a stated high-way the which Bill was Likewise granted. Now Gen^{tt}: the man that wrot the bill Last mentioned was presant when I presented my bill and made No objection against it, he was also knowing that I had a Dependance upon it, and that it would be greatly preageditiall to me to be hindred of it. Jn the time when the farme which is Now mine was in my father inlaw Whipple his hands the same man was then about to take up this small bitt of Land but when My father Whipple had Discoursed with him and inform|ed| him what a damage it would be to the farme he was so kinde as to forgoe it, and I hope he will also be as kinde Now.

I haue No design to hinder the Landing of Boards in that place Jt is only for the Securing of my meddow and planting Land which Lieth in the vally, which occasions me to Endevour the ataining of that small bitt of Land, which I cannot do Else where without making abundance of fence New Ever year: Therefore my Humble Request is that you would please to take y^{e} Premisses in to your Consideration and yeld me Releife so fer as may be Cosistant with Reason — Which will Oblige me to serue you in what I may whilst that I am

More by our Judgments than by Rule, and so we cannot be Certain that the Divisions are Just. And there fore our opinions are that it may be Conveniant for the town to Continue us Jmpowred in the busines untill such tim as there may be some trial had of our worke. or Else to appoint some other Persons in our steed to Make such alteration as may be thought Needfull for the more Efectual Accomplishmet of an Equallaty in the Diuision.

Necessary for our Towne (they being Principaly Concerned in the property of those Lands Bordering upon the Masachusets) to Look well to their business and see that the Colony do not to fer Comply with the Province Act in Renewing that so unjust and Jrreguler Line

[**0649**] To y^e^ proprieto^rs^ mett this 4^th^ day of y^e^ 6^th^ mo: 1707:

Gentlemen,

Wheras this old Divideing Line of Contention, w^ch^ hath been heild in hand aboute 66 yeares in suspension; [thereby accrueing dammages & Charges | to | many, already:] The w^ch^ by y^e^ acc^tt^ of some, is Like to be suspended so much Longer time, before it be finnished: The one reason for it is; y^t^ Though it is readily granted y^t^ y^e^ Centre of y^e^ 7 mile is, & must be yeilded to be pitch't, or sett, due west from foxes hill; And so Consequentally from thence to be runn due north vnto wanasquatuckett River, for y^e^ divideing Line to be made. But yet y^e^ Query is, from y^e^ sd Centre of 7 mile from foxes hill; vpon w^t^ poynt of y^e^ Compass must they steer to, to Come to | the | southermost extent of o^r^ plantation; whether it be meant south-east & by south as some pretends; or south-west & by south, as others doe say; or due south from y^e^ sd Centre of 7 mile. since it is apparent y^t^ a due south Line (from y^e^ sd Centre of 7 mile) will not come within a mile | so high | as punhunggansett Brook. And whether then y^e^ measureing due south from y^e^ sd Centre to y^e^ first Brook they Come to, w^ch^ will be y^e^ Branch y^t^ comes out of Mushasacutt pond (though made bigger (there,) by other Brooks & sinks y^t^ comes into it,) must be deemed to be y^e^ souther-most Extent of o^r^ plantation; thereby Answering y^e^ Ancient Agreement made with pautuxett men in y^e^ Combination.

Since y^e^ Conclusion of all sides is, That neither y^e^ form^r^, nor y^e^ Co-laterall Committees, did ever take vpon them (in any of there Transactions) to make voyd y^t^ Ancient standing Agreem^t^, The w^ch^ hath been accounted, to be of force & virtue among vs, aboute 66 yeares.

And since it hath been useall with vs (as from y^e^ begining w^th^ vs,) to have five men to be o^r^ Trustees for y^e^ ordering such Affaries: And also since, y^e^ Late Committee have (in soe Long a time) Effected nothing (yet,) in y^e^ Trust reposed in y^t^ Affaire: Jt is thought fitt y^t^ two men more be added vnto those 3 allready Chosen, to goe thorrow w^th^ y^e^ buissnes in hand (y^t^ hath been so Long a time suspended) & see it accomplished, according to y^t^ (Ancient) Agreement made with pautuxett men, in y^e^ | sd | Combination.

And furthermore we humbly conceive, That since there is no mention made by y^e^ Committee in their Agreem^t^ w^th^ pautuxett men vpon w^t^ poynt of y^e^ Compass they was to steer, in running y^e^ Line (at y^e^ head of y^e^ 7 mile (& no further) to the Extent of o^r^ plantation southerly; Jt yet remaines in y^e^ power of y^e^ proprieto^rs^ to decide, by a Casting vote, how it should be determined, & where to runn y^e^ head Line.

Remembering w^t^ y^e^ Constitution, & Resignation of m^r^ williams | his | purchasse was, | (to witt) | That y^e^ major part of those y^t^ should be Admitted into y^e^ fellowshippe of voateing, | &c: had pow^r^ to ord^r^ & | dispose | y^e^ same.

And also not forgetting, That so farr as y^e^ pautuxett men doth Claime a ℘ticular proprietie (to them selves) to be divided from y^e^ Gen^rll^ Common of y^e^ Towne; so farr y^e^ pautuxett River was, & is to be deemed, y^e^ Souther-most Extent of o^r^ plantation to divide w^th^ y^m^. According to y^e^ first Article in y^e^ Combination . w^ch^ saith, And so to divide beyond y^e^ Towne of Mashapauge between y^e^ two Rivers pautuxett and wanasqauttuckett of an Even distance.

[**0650**] To y^e^ proprieto^rs^ mett this 4 day of y^e^ 6^th^ mo: 1707: Gentlemen.

Whereas this Long suspendant Line of pautuxett, (w^ch^ was form^r^ly begun to be run, & sett 7 mile,) yet still remaines vnfinished vnto this day; And in y^e^ vacancy of w^ch^ time of suspendancy, Landes have been Layd out vnto divers persons Concerned: though (doubtles) Aymeing to have such regard, as not to entrench (any wayes) besides y^e^ due extent of 7 mile from foxes hill: Agreeing to form^r^ order Concerneing it. But yet since y^e^ suspendancy hath been soe Long Continued, before finishing y^e^ same, through great neglect Concerneing it so Long a time: And y^t^ Least therevpon, any veriation should happen to be (to y^e^ damage of any Concerned) in y^e^ further proggress to be made in y^e^ Buissness, (w^ch^ is sd to be, near at hand) now approaching

Jt is thought ffitt, (therefore) for y^e^ Avoyding of further (future,) Contention; y^t^ it may be determined (before further proggress be made in y^e^ finishing work now in hand:) y^t^ w^t^ Landes have been Layd out (form^r^ly) to any, on y^e^ East side of y^e^ 7 mile, shall stand good to them & theirs for Ever — notwithstanding.

And y^t^ y^e^ Line intimated, is vnderstood to be, a due north & south Line, to be run, at y^e^ head of full 7 mile sett from foxes hill.

[**0670**] To yᵉ proprietoʳˢ: mett vpon Adjurnemᵗ this 29ᵗʰ day of Novembʳ 1708.

Gentlemen.

Whereas this Long suspendant Line of pautuxett wᶜʰ was formʳly begun to be sett 7 mile west from foxes hill & (yet) remaines vnfinnish'd vnto this day; And yᵗ in yᵉ vacancy of wᶜʰ Tedious time of suspendancy Landes have been Layd out vnto divers men, though (doubtlesly,) Aimeing to have regard so, as not to entrech (any wayes) besides yᵉ due extent of 7 mile west from yᵉ sd foxes hill: for yᵉ divideing Line to be made according to yᵉ first Article in yᵉ Combination: wᶜʰ saith, & from yᵉ Towne of Massapague &c. To divide furthur between pautuxett & wanasquttuckett of an Equeall (or) Even

distant|ce| for, it is to be vnderstood, that so farr as pautuxett men does Claime a ℔ticular propriety to themselues to be divided from y^e^ Gen^r^all Common of y^e^ Towne; so farr, y^e^ sd pautuxett River, is, to be deemed y^e^ southermost Extent of o^r^ plantation.

And now for as much as further proggress is now approaching for y^e^ finnishing y^e^ Line, or Lines of so Long suspendancy And y^t^ in case any veriation should happen in y^e^ work by Cutting off men's Landes Contrary to there Expectations, the w^ch^ they (perhaps) have Quietly possessed [being Layd out by y^e^ Survey^r^ vnto them] some aboute 30, 40, 50, or 60 yeares without any Lawfull Mollestation. Remembering y^t^ in y^e^ yeare 1672: That an Act of y^e^ | towne | was, that both sides Laying out should stand good to them & their heires for Ever.

And therefore it is thought fitt, that before any further proggress be made in y^e^ finnishing y^e^ sd Lines: That an Act of y^e^ proprieto^rs^ be, for y^e^ Establishing | them | in their so Long possessions, on y^e^ East side of y^e^ 7 mile, for the Avoyding of future Cavillings Concerneing it: And in case pautuxett want their due, to Lett them have it Layd out (in y^e^ Lue thereof,) on y^e^ west side of y^e^ 7 mile Line in a Tract of Land togather where it may be found Common, not Layd out to any man.

This is y^e^ most Effectuall way to steer in, y^t^ I can propose, To end this old perversness | or Controversy | in peace.

Daniell Abbott

It is (also) to be vnderstood, as I have been enform'd y^e^ though y^e^ greatest vengance is (by y^e^ Roacher's) against Abbot, yet their designe hath been to Extend their dividing Line to Cutt off poor Randol, Vincent, Lapham, Thornton, young;

(& divers others y^t^ might be named,) as well as y^e^ ffenn^rs^ | housen | and poor Abbot's.

[**0676**] There is 91 acres & halfe an acre of land which hath some time since been laid out to John Whipple which he hath sold unto Joseph whipple, which ye Records doe also make Mention of; But for as much as it was not by ye surveior destinguished, but only said, in the Right of John Throckmorton & in ye Right of Joshue verrin, I could not tell how to place any certaine quantety of sd land to Mr Throkmorton ffor

ought that I know there might be 90 acres of it on m^r^ throck-mortons Right, or there might not, it is uncertaine;

But haveing now done with what I can yet find by y^e^ Records; I shall mind something as to what fame reports as Concerning M^r^ Throckmortons Right of lands, the | which | is also well knowne & hath by y^e^ Antcient neighbours been well knowne as well as the Report of only fame, that m^r^ throck-morton had a house lott being 5 acres which Sam: wright dwells on, & one share of | salt | meadow neare to waybossett, & Two pi'e|ces of salt marsh more for another share of Meadow; The one piece lieing upon wanasquatucket River & the other piece adjoyned to m^r^ Williams his Meaddow, which sd two pieces both made one share, The which said lot & Meaddow Henry wright bought;, There is also 20 acres of land which Sam: wright sold unto M^r^ Cruf^rd^, which was also M^r^ Throckmortons, otherwise Sam: Wright Could not have had it to have sold. There is also a house lott which was Edward Copes on which Will^m^ Austin some time dwelt:

There is also, one share of Meaddow upon the north side of Moshausuck River, by Dexters bridge.

So that of y^e^ first devisions to both Throckmortons Rights they doe by Record & the knowledg of People appeare how, & in what state they lye in,

ffor the first devision consisted of severall lottments, (viz) a house lott; 2 shares of Meadow, a 6 acre lott, a 5 acre lott, a 20 acre lot, & a 60 acre lot | to one Right |; & it doth appeare that as to the first devision, to m^r^ Throckmortons two Rights, there is | the | 4 shares of Meadow, there is the 2 house lotts, there is one of y^e^ 5 acre lotts, there is one of y^e^ six acre lotts, there is one of the 20 acre lotts, & one of the sixty acre lotts;

so that of y^e^ first devision there is only wanting a 60 acre lott & a 20 acre lot, & a 6 acre lott & a 5 acre lott; And fame hath strongly Reported that there was land of M^r^ Throckmortons lieing in y^e^ neck in that arme of y^e^ great swampe where Daniell Browne his land lieth;

And as for y^e^ other devisions on y^e^ East side of y^e^ 7 mile line, There was to be a sixty acre devision, & 5 acres of meadow or 10 acres of other land in stead of meadow; which was called a second devision, then after that there was | an | order to lay out a fifty acre share to Each purchaser, Called a 50 acre devision And after that it was ordered to lay out a 6 acre & halfe percell of land, Called an Additionall devision. /

And as to the first of these devisions belonging to M^r^ Throckmorton as to both his Rights Dan: Abbott hath taken both them up; & one of the 50 acre devisio[ ] major Dexter tooke up;

And how much of y^e^ Rest John Whipple hath taken up, as I said before, there is not any account given.

Whereas on y^e^ behalfe of y^e^ widdow Alice Dexter & y^e^ [ ]eirs of y^e^ deceased Major Dexter, it was unto y^e^ Towne proposed; That the Towne Records might be searched to find what account they Can give as Concerning the lands of John Throckmorton formerly of Providence; William Crawffurd haveing also of the Towne Clerk desired y^e^ same thing; And I Tho: Olney Towne Clerk (in order thereunto) haveing bestowed a great deale of time in searching, & made a dilegent search as to y^e^ matter premissed; & what I have found is as

followeth. (viz) sixty acres of land which m^r Throckmorton sold to M^r Carpenter; bounding on y^e East partly with Tongue Pond, & Partly with Benedicts Bond, & partly with land which william Carpenter bought of Robert West; And on y^e west with land which Wi^m: Carpenter bought of Steven Northup, & on y^e south with land of Edward Jnman, & on y^e North with y^e Comon. /

Also 5 acres Neare wayboysett & boundes the north side of a 5 acre lott which Valentine Whittman sold to Henry ffowler. /

Also six acres in y^e Neck which Benedict Arnold bought of M^r Cope, Now in y^e Possession of Joseph Whipple. /

Also, one share of Meaddow in y^e great Meaddow;

I also find find that there is sixty acres of land which did belong unto Tho: Slow lieing along the side of y^e long pond & Extendeth north one Cornner thereof towards Benedicts mead: bounded on y^e south with y^e way towards Mashapague, on y^e East with Jo^n: Throckmorton. /

Jt is not said how much land M^r Throckmorton had there, whether 60 or 80 acres, but it must be some quantity of land to bound the East side of 60 acres; but I have mentioned Concerning what y^e secords mention: /

Also two Rights of y^e Second devision in y^e Possession of Daniell Abbott which Containes 140 acres; The place where y^e land lyes & how Bounded is Expresed in y^e surveiors Returne on Record;

Also 50 acres of land being | in | one of y^e Rights of John Throckmorton in a 50, acre devision laid out to Major Dexter:

All the persells of land above mentioned, are all signified by y^e Records; but as to that land which is said to bound y^e

Easterne side of Slows 60 acres, the quantety is uncertaine; but those percells whose quantetys are Exprest, amounts to 264 acres

[**0680**] To the purchassers and proprietors of the Towne of Providence met this 29th August 1709

Gentlemen we are now to inform you of a mistake which hath hapned in the laying out, and so in the Return of one of our lots on the weast side the seven mile line: The which we humbly Desire your Advice and Assistance in the Regulating thereof — The Mistake is this, and was thus occasioned; some Time before the former Jndian war: Our Hon^{r}ed father bought two Rights of Common on the weste side the seven mile line: | of the widow morey | the which Rightes were by the Towne Counsell of Providence ordred to be at her Dispose for the Raiseing of money to pay her Deceased husbands Debts, but the sd widow morey when shee sould these Rights unto our sd hon^{r}d ffather: Culd not inform him who the originall proprietor of sd Rights were but Referd him to the Jnventory of her husbands Estate for further Jnformation; and with all told him that shee thought originally those two Rights Did belong unto Daniell Comstocke; and henry neale but she was not certaine of it; But when our sd father Came to make serch for a ferther Jnformation by the Jnventory the Jnventory Culd not be found, nor is it yet to be heard of: but when the devision of land on the weast sid the seven mile line was agreed on and

the severall proprietors came to draw: | their lots | our sd father did venter to Draw on the aforesd Rights of Comstock & Neale but sence the lots haue been layd out and the Returns giuen in it doth appere that Neales Right was sould by Roger Morey in his life time to william Carpenter: so that it Doth now appear that Neales Right was Not one of the two Rights ordred to the wido mory by the Town Councell to be Disposd of. by her for the purpose aforesd: But it is Evident that two Rights were ordred her to dispose of: for that part of the two, lieing with in the seven mille line were sould to Samuell whiple and allowed of by the Town Councell; and the other two parts Lying on the west sid the seven mile line: as hath been sd were sould to our sd father: Now Gen^{tt} men we hope you will be as kind unto us as you haue been to m^{r} Whipple & put us |in|to a way how to bring in such a return as may be proper and as that the Town will accept of; we desire Nothing but what may appeare to be Just and hones; we haue hither to payd our full proporcion of moneys with other purchasers to Defend the Towns Jnterest and are yet ready to do y^{e} like Gen^{tt}: we are y^{e} friends and Neighbours:

[**0694**] To y^e^ Towne Mett this 27^th^ of July 1710 it being y^e^ Towns quarter Meeting

Gentelmen Jt seemes at presant very likely that there must of nesesety be a Roade way layd out from y^e^ Towne of Providence so Westward to Woodstock Killingsworth and other places which lieth in that part of y^e^ Countrey, and there being no Roade yett layd, it is thought by the people y^t^ haue layd theire lands cheifly in that part part of y^e^ Towneship and by other people y^t^ Trauel that way that it would be as Conueniant or most Conuenient to be layd from Maswaticutt to Chepattsett Riuer neare about where it is already Beat there being as good sound land, and already passable & ffordable as it is likely Can be found any other where, And the persons that haue layd their land^s^ haue so layd it that theire is a Conueniant Road way left they haueing had Consideration in laying of s^d^: lands for the Best aduantage for a Roade, All things considered is thought most best where it is now Beat. And | it | is the Humble Request of you^r^: supscribers that you would be pleased to order a Roade way to be layd as soon as Conveniantly may be, which it is likely may be Done with less Charge then to suspend it longer people being at more sertainty will y^e^ better know how to lay their lands which yett to lay

[**0696**] To ye Purchissers of ye Towne of Prouidence meet this 28th of August 1710

Gentlemen

Where as there was an Agrement made betwixt you and vss bareing date ye: 16th. of jenuary 1682 or 83 Concerning the deuideing of our Lands; the which agreement was that the Lands of Pautuxet should Extend as far westward as the seauen mile line already sett by the Towne of Prouidence and after wards Captn ffenner (decesed) who was one that sett the | : sd: | seauen mile line and som others of your Towne and some of ye propriaters of Pautuxet went and took there departure from a Certain place knowne by the: sd: Captn ffenner as he said to be a Raing in said seauen mile line and from thence Ran south to Pautuxet Riuer and where the: sd: line Ran is plaine to be seene by the trees that was then marked; And also it is said in the | : sd: | agreement that the middle

way be by measure found betwene Wonasquotucket Riuer at the place where the said seauen mile Line Crasseth it & the souther most Exstent of y^e^ aforesaid plantation in which middle way a Land marke shall be fixed; &c: now it doth plainly appeare by these words (viz) where the said seauen mile line Crasseth it. as well as by Cap^tn^ ffenner^s^ Confirmation in seeke-ing one of the Raing trees of the: sd: seauen mile line to take theire departure from where the line was Run to pautuxet Riuer; that our agreement was Certain to your seauen mile line yet niuer the Less it seemes as if sum would take aduan-tage by these words (viz) seauen miles from ffoxes hill and no further, the which words are no argument at all by Reason that you sett the Line your selues; now had wee sett it sumthing might abin said, but wee were Content to take your word; be it more or less boath you and wee are bound to stand to it; Except the agreement be made voide; Now wee do not Look at the agreement to be so noble on our side as to be fond of it: but wee are not willing to be instremental of Remoueing our nighbours ansiant land mark &c: Gentlemen wee haue pre-sented you with seuoral bills but they seeme to auaile little as to Effect any thing; as to settleing our deforance; And while wee are thus held in debate; sum of our Lands are Laid out in your deuisions and built vpon and som Jmproued; whereby wee Adjudg our selues Grate sufferers Now our Request is that you would be pleassed; to weightely Consider the matter and Jf you think good to settle or Compleate the boundres betwixt our: sd: Lands according to the said agreement: You would Chose so many well quallified men as in your wisdoms you think fit for that purpos and fully Jmpower them; and wee hoope wee shall Readily attend the business; so praying and

[**0713**] To the Town Met January the 27th $17\frac{20}{19}$

Gen[t]: men I Suppose it is not unknown to many of you that my Grandfather M[r]: Gregory Dexter was one of the original proprietors of the Lands of this Town of Providence, & had a lot of 80 acres of Land laid out at Scoakanoxit, The which he gave to my hon[r]:[d] father & Settled him there on: & Since my fathers Decease the sd Lot descended to me his only heir & is the Land I now live upon; & was the first lot that was layd out in y[t] part of our Town Shipe, but Since the laying out thereof, other people have laid out Land adjoining on three Sides of it, & all the Land adjoining on the fourth Side is claimed; quite home to mine: & the way which I have used this Six & Twenty years to go off my Land in to the Road which leads to the Town is Now Stoped up, So that I cannot possible come at any Road That Leads Either to mill or market with my Team: nor yet on foot nor on horseback,

but as I have | leve | of Jonathan Sprague to pass through his meadow & gen^{t}: men, I am humbly of opinion that this (if it be alowed of) will be y^{e} first precedent that Ever was Set in New England, That after a man has laid out Land & built upon it, for other men to lay out Land Round his, & thereby Compell him to buy a high way to pass off his own land to get into a comon Roade: & gen^{t}: men, you cannot but be Senseable that it has been the general practice in this Town that in Laying out of Lands good care has been taken to Leaue Sufficient highways: & in all parts of the Town Shipe where there has been any omission on that foot, upon the Jnhabitants making Request To the Town, conveinant highways have forthwith been laid out, & my Jnterest, both as I am a proprietor & one of the Kings Subjects, being Equall with my Neighbours, ought in Justice to obtaine the Like Regard, as I hope it will, & therefore pray that you will please So to consider the premisses as to lay out a conveniant high way for me & mine to pass in, from my own Land to the Road which comes out of our Northern woods into the Town & in So doing you will much oblige, gen^{tt}: men your friend & neighbour
